

## INTERNATIONAL HOCKEY FEDERATION

### **FIH Licensed Manufacturers/Suppliers of Synthetic Turf and their Approved Products**

This is a list of synthetic turf manufacturers/suppliers who are licensed by the FIH. The products listed have been tested by FIH accredited laboratories and meet the specified requirements.

Until April 2008, the requirements were included in the March 1999 edition of the *FIH Handbook of Performance Requirements and Test Procedures for Synthetic Hockey Pitches – Outdoor*. In accordance with those requirements, the main two categories of turf were called “global” and “standard”. In addition, there was a “starter” category but that has now been withdrawn.

From April 2008, the requirements were included in the April 2008 edition of the *Handbook of Performance Requirements for Synthetic Turf Hockey Pitches* also known as *The Pitch Handbook*. In that publication, the “standard” category was renamed “national” so that the main two categories of turf are now known as “global” and “national”.

Any enquiries about this list and the performance requirements should be addressed to the FIH Technical Manager at: [info@fih.ch](mailto:info@fih.ch)
